AIMS

THE ECOLOGICAL SOCIETY OF AMERICA was founded in 1915 for the purpose of giving unity to the study of organisms in relation to environment, as a means of furthering intercourse between persons who are approaching widely different groups of organisms from closely related points of view, for the stimulation of ecological research, and to assist the development of the utilities which may be served by ecological principles.

MEMBERSHIP

Membership is open to persons who are interested in the advancement of ecology or its applications, and to those who are engaged in any aspect of the study of organisms in relation to environment.

The following classes of membership are recognized:

Associate Members, annual dues, $1.00.
Contributing Members, annual dues, $2.00 to $10.00 or more.
Active Members, annual dues, $5.00.
Institutional Members, annual dues, $6.00.
Sustaining Members, annual dues, $10.00.
Sustaining Institutional Members, annual dues, $11.00.
Life Members, single fee, $100.00.
Sustaining Life Members, single fee, $200.00.

Three dollars of the dues received from active members, or of the interest in the case of Life Members of both classes, are applied as the annual subscription to ECOLOGY. Six dollars of the dues of Sustaining Members, and of the interest from the fees of Sustaining Life Members, are applied as the annual subscription to ECOLOGICAL MONOGRAPHS, the quarterly journal for longer articles. Members in arrears for dues will, on payment, be supplied with back numbers so far as they are available, but the journals do not hold themselves responsible for reserving back numbers in anticipation of the payment of back dues.

All members receive the BULLETIN OF THE ECOLOGICAL SOCIETY OF AMERICA, issued by the Secretary in March, June, October, and December. It contains announcements of meetings and excursions of the Society, abstracts of papers, programs, items of current interest to members, and occasional membership lists.

Associate members do not receive ECOLOGY or ECOLOGICAL MONOGRAPHS and are not eligible for office, but may become members in any one of the above classes upon the payment of the appropriate dues.

Contributing members may designate the function of the Society to which the contribution, in excess of one dollar, is to be devoted and they receive appropriate publications dealing with the activities for which the contribution is made. Members of any class may be Contributing members also. Contributing members, if not belonging to any other class, are not eligible for office.

Checks should be made payable to Ecological Society of America. Application blanks for membership may be obtained from the Secretary, to whom all correspondence concerning membership should be addressed.
